The Science as Art Forum and Auction

Location The Art Gallery of NSW
(Entrance foyer)

Date Monday, 12 February 2007

Time From 6.00pm to 8.00pm

6.00pm Start: Drinks and finger food service

6.30pm Forum moderated by Andrea Stretton:
Where and how do science and art
intersect?

7.30pm Auction with Paul Sumner: New works
created by Janet Laurence, Julie Rrap,
Guan Wei, Lindy Lee, Robyn Backen

8.00pm Close

RSVP No later than 2 Feb 2007

Reserve your place by contacting the
Garvan Research Foundation on:

phone: (02) 9295 8110 or

email: r.stewart@garvan.org.au

Meet the researchers who inspired these leading Australian contemporary artists. Hear the artists detail their journey from their introduction to Garvan to their finished response. Explore the commonalities, and the contrasts, between science and art. Bid for a unique work, and support breakthrough medical research. Proceeds will speed Garvan's progress towards prevention and cure of major diseases such as cancer, diabetes, mental illness, Alzheimer's, Parkinson's, rheumatoid arthritis, asthma, and osteoporosis.
